# Quality is created here.

Çemen Tekstil San. ve Tic. A.Ş. was established in 1990 in Gaziantep. Çemen Tekstil, operating in the organized industrial zone, produces 100 percent acrylic yarns as well as blended yarns (acrylic / polyamide, acrylic / wool, acrylic / viscose) in its factory established with modern production tools. Increasing its product quality day by day with modern machinery investments in the production line, Çemen Tekstil has achieved the customer satisfaction it targets and maintains its place among the important players in the sector by developing innovative yarn production projects.

# We are producing the thread of the world.

Its raw material is Akxa Akrilik Kimya Sanayi A.S. Supplying from producers whose quality has been proven with documents, Çemen Tekstil has increased its production by incorporating the innovations of the sector with its new machinery investment between 2005 and 2007, and continues its production with increasing acceleration in exports as well as domestic yarn supply. Among the countries that Çemen Tekstil exports products are mainly Japan, Malaysia, Portugal, Belarus, Spain. Çemen Tekstil has set itself as a target to gain the quality and prestige that it has proved in Turkey in all countries of the world.
